

**Planning Portal - Bramble.cc catalyst sub-contractor Apto Solutions provide electronic forms processing capability...**

Planning Portal places order for with Bramble.cc catalyst subcontractor Apto Solutions for the development of Adobe Acrobat forms.

The work to be carried out will include:

- A fully accessible electronic form that conform to industry standards (W3C)
- The ability for the user to complete the forms on-line or to save them off-line and submitted to the Portal at a later point in time
- Provide electronic solutions for elements that the html forms can not address, such as the Date Picker

Along with the above work, technical services also included: -

- Development support for the Welsh language forms development
- Development support, including training and shadowing of Planning Portal's own forms development resource
- Maintenance of the existing Portal forms
- Development and implementation of an XML schema amendment
- Architectural support
- Small scale developments, inc. fee calculator, HTML v2 prototyping, Reader Extensions implementation, GIS Measuring Tool implementation
- Audit and review toolset, support for potential upgrades and integration
